

Marcus Garrun is the product of a partnership between Lionel Marcus Insurance Consultants and the Garrun Group. It is also a union that has enabled the Group to strengthen its presence in the Western Cape region.

Like the Garrun Group, the Marcus story began as a family affair. In 1966 when Lionel Marcus founded Lionel Marcus Insurance Consultants, his three sons - Selwyn, Philip and Larry - played key roles in developing the business, which is today regarded as one of Cape Town's premier brokerage firms. The company's reputation has been built on a culture of personal service, hard work, dedication and devotion.

Larry Marcus, who heads up Marcus Garrun, is proud of the fact that the firm runs at a loss ratio that is well below the industry norm.
